

Department of Homeland Security, The Office of Homeland Security (TN) and the Memphis Chapter of Infragard present: *Surveillance Detection Training for Commercial Infrastructure Operators and Sec Staff (SD CIKR)*

Hosted by First Horizon Corporate HQS

165 Madison Avenue, Classroom on M level

Memphis, TN 38103

DEC 2-4 8:00am – 4:00pm (all 3 days required)

- The course provides participants with the knowledge to apply surveillance detection fundamentals and develop a surveillance detection plan. The course consists of five elements: 1) Conducting a facility Vulnerability Analysis 2) Identifying potential hostile surveillance positions 3) Identifying surveillance detection positions 4) Identifying and reporting suspicious behavior 5) Determining who responds.
- Dress is casual. The course is a mix of classroom and practical exercises. There are practice exercises each day, with the final exercise on the last day of training. There is NO CHARGE for the training. Lunch and snacks are provided daily by The Office of Homeland Security (TN).
